### Notes
AAS Degree

Administrative Office Systems - Administrative Assistant Specialization

Program Description
The Administrative Office Systems (AOS) program provides up-to-date curriculum that adapts to the rapidly changing workplace.

In an interactive online learning environment, students master Microsoft Office and computer concepts. They observe, practice, and train, then apply their skills in a real-world business environment. Technology skills are combined with writing and specialty courses.

The program is designed to prepare students to work in a wide variety of office settings: Accounting, Administrative Support, Computer Applications Support, Legal, and Medical.

Special Features
- The Administrative Office Systems program provides up-to-date curriculum that adapts to the rapidly changing workplace.
- All degree options include a career success course in which students develop a self-directed, flexible plan to launch and manage their careers.
- Interactive training and skill-based assessments are completed in a virtual environment. Projects are based on real-world business situations.
- Students use online digital learning solutions that offer a wide variety of learning apps.
- A wide array of short-term certificates of proficiency that are focused on clusters of courses are offered.

Student Learning Outcomes
When this program is completed, the student will be able to:

- Completed advanced applications of word processing, spreadsheets, presentations, databases, and associated technologies.
- Applied writing skills to a variety of technical and business applications.
- Used online digital solutions for collaboration, cloud storage, apps, and professional networking.
- Connected the experiences in their courses with comprehensive job search strategies.

Program Prerequisites
Students entering this program should have basic knowledge of a computer and touch typing skills. Online students should complete HUMDV 101, Online Classroom Success or have successfully complete an online course. College-level skills in English and math (eligibility for courses numbered 100 or higher) are recommended. The placement test will help determine placement if not known. Previous coursework may also indicate placement level.

Career Opportunities
Administrative assistant jobs are in high demand and exist in every type of business, industry, or non-profit organization. The greatest expansion in the job market over the next ten years is expected to occur in the medical sector.

Opportunities for advancement are enhanced by a student’s motivation and desire to succeed. The demand for persons trained in this field should remain strong over the next several years.

Potential Positions and Earning
Potential positions include: executive assistant, legal assistant, medical office assistant, bookkeeping assistant, computer applications support.

For current employment and wage estimates, please visit and search for the relevant occupational term: www.bls.gov/oes

Test Fees
