Parent Requirements

The Crescent Cooperative Preschool program is a non-profit organization operated by parents with children enrolled in the program.

Enrolled Parents:

- Participate in the program by working in the classroom.
- Attend monthly parent meetings.
- Help with fundraising and take on a task that helps the preschool run smoothly.
- Are encouraged to serve on the preschool Board of Directors
- Receive college credits through Peninsula College as they enhance their job skills in the important career of parenting.

By participating in your child's educational experience you will observe their joy for learning, solving problems, and building relationships.

Through the parent education program, you will learn age appropriate guidance techniques, how to promote problem solving skills, receive support from other parents, enhance your knowledge of childhood development all while receiving college credit.

Crescent Cooperative Preschool

A parent-run cooperative preschool affiliated with Peninsula College's Family Life Program

Active Learners

Young children are joyful, active learners. Through exploration they discover how the world works. We provide children with a variety of stimulating experiences during this critical time in their brain development.

Children are encouraged to create and act out the many roles in their world through daily activities of:

- Painting
- Sensory tables
- Music
- Outdoor play
- Crafts
- Dramatic play
- Blocks

Cooperation is promoted by modeling language and teaching problem solving skills. Learning social skills is one of the most important tasks of the preschooler.

Our Teachers

Susan Hopper has a BS Degree in Early Childhood Education and has taught children ages 2 to 6 in either a preschool or kindergarten setting for 40 years. Susan has Montessori training and has taught preschool at Crescent Co-op since 2002. She has been a Parent Educator with Peninsula College since 2004.

Lindy Thomas graduated in 2003 with an AA in Early Childhood Education. She has been teaching for 7 years now and loves to educate through play, art and sign language.

Together our teachers provide an environment:

- That honors the way children learn best through direct, hands-on experience with people, objects, events and ideas.
- That encourages active relationships with parents and other children to promote social growth and readiness to learn, grow and develop their potential.
- Where all families feel safe, comfortable and excited to learn along with their young children.

Our Board Advisor

Melanie McCaughan has a BA degree in Human Services and is a Certified Counselor. She's provided parent education classes and family support services since 2007 and is a former Co-op member.
