Independent Auditor's Report

To the Board of Directors Peninsula College Foundation Port Angeles, WA

Report on the Financial Statements

We have audited the accompanying financial statements of Peninsula College Foundation, which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Peninsula College Foundation as of June 30, 2020 and 2019, and changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

June 30, 2020 and 2019

A. PURPOSE OF THE FOUNDATION

Organization's purpose--

The Peninsula College Foundation (the Foundation) is a non-profit corporation created for the purpose of providing support to students and programs at Peninsula College (the College). The Foundation was established in 1996 and involves people in philanthropy in support of its mission. Contributions to the Foundation support student scholarships and grants, faculty professional development, new and existing programs, and capital needs for all Peninsula College campuses. The Foundation mission of creating access, excellence and success for the College community is enhanced by its strategic goal of meeting the "social determinants of educational success" for students.

B. PRINCIPLE PROGRAMS

College program support--

The Foundation works closely with College leadership to adopt strategic initiatives that reflect the needs and goals of the College. Guided by these initiatives, and in partnership with its donor partners, the Foundation provides monetary and in-kind support for College programs and financial support to students through scholarships and grants.

Scholarships and grants--

The Foundation provides scholarships and grants to help meet the needs of Peninsula College students. Scholarships range from supporting students with no resources, regardless of academic standing, to students who excel academically. Emergency grant assistance is provided for students with unexpected financial need who, without support, would drop out of College. Endowments are the primary financial vehicle used to support long-term scholarships. Additionally, several donors provide scholarship funds annually for distribution.

C. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting--

The Foundation's policy is to prepare its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles. Revenues are recognized when earned and expenses are recognized when incurred.

Basis of presentation--

The Foundation follows accounting prescribed by the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) 958 Not-for Profit Entities. Under ASC 958, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions, and without donor restrictions.

With Donor Restrictions: Net assets that result from contributions whose use by the Foundation is restricted by donor imposed stipulations that may expire with the passage of time or can be fulfilled or otherwise removed by actions of the Foundation.

Notes to Financial Statements

June 30, 2020 and 2019

Without Donor Restrictions: Net assets that are not restricted by donor stipulation.

Estimates--

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income tax--

The Foundation is a tax exempt non-profit organization under Internal Revenue Code Section 501(c)(3) and is not classified as a private foundation. Accordingly, the financial statements do not include any provision for income taxes. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(a).

Advertising--

The Foundation's policy is to expense advertising costs as they are incurred.

Functional allocation of expenses-

Expenses are charged to each program based on direct expenditures incurred. Administration costs include those expenses that are not directly identifiable with any other specific program function but provide for the overall support and direction of the Foundation. Fundraising costs, including costs of special events, are incurred to encourage potential donors to make contributions to the Foundation.

Cash and cash equivalents--

All time deposits, certificates of deposit, and short-term highly liquid investments with original maturities of three months or less are considered to be cash equivalents.

Investments--

The Foundation's investment objectives are to maximize total return and preserve capital, while minimizing credit risk and avoiding excessive market risk. An investment company is currently managing the majority of the Foundation investments. Investment income is reported net of investment management fees. Investments in equity securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position.

Investments are reported in the statements as investments and as assets restricted for endowments.

D. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Foundation, although it expects to receive current support to fund operations for 2021 and later years, has \$238,365 and \$192,519 of financial assets available within one year of the statement of financial position dates on June 30, 2020 and 2019, respectively, to meet cash needs for general operating expenditures of the Foundation. Financial assets available within one year consist of the following:

Notes to Financial Statements

June 30, 2020 and 2019

		2020	2019
Financial assets at year end	\$	6,205,264 \$	5,814,901
Custodial fund		(474,896)	(501,444)
Donor restricted to purpose		(2,073,744)	(1,774,429)
Endowment funds	_	(3,418,259)	(3,346,509)
Financial assets available to meet	ф	220.265 Ф	102.510
cash needs within one year	\$ <u>_</u>	238,365 \$	192,519

E. RECOGNITION OF CONTRIBUTION REVENUE

Contributions are recognized when received or when a donor makes an unconditional promise to give to the Foundation. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Unconditional promises to give (pledges receivable) are recognized as revenues in the period the pledge is received. Long term pledges (collection expected in greater than one year) are discounted to the net present value of future cash flows.

Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promise becomes unconditional.

F. ENDOWMENT FUNDS

The Foundation manages endowments funds established by individuals and other entities that are permanently restricted. Investment earnings and not the principal may be distributed in the form of scholarships or other support. Earnings may not be distributed each year. Losses that reduce the assets in the endowment below the level required by donor stipulations are recorded to donor restricted net assets. The Foundation has also initiated endowment campaigns in order to solicit additional permanently restricted donations.

The Foundation's board approved an investment and spending policy on May 13, 2019 for continuing support of scholarships and program assistance. The primary investment objectives of the Foundation are to provide adequate total returns to meet the funding needs of the Foundation, maintain sufficient liquidity to meet planned uses, and to preserve the real purchasing power of the principal. The Foundation adheres to Washington States Uniform Prudent Management of Institutional Funds Act requirements for investment management and endowment fund spending.

Notes to Financial Statements

June 30, 2020 and 2019

The Foundation's endowment spending policy is to spend 4% of a three year moving average of quarterly market values. No awards or expenditure is made when endowment funds fall below original principal. Excess earnings and amounts above principal not currently used or expended are available for use in down market years. The Foundation charges a administrative fee of 2% of the market value of the endowment funds in addition to fees charged by investment managers.

		2019
Scholarships	\$	270,378
College programs and departments		220,593
Time restriction	_	30,499
	\$	521,470

Notes to Financial Statements

June 30, 2020 and 2019

H. RELATED PARTY TRANSACTIONS AND INKIND REVENUE

Peninsula College provided the Foundation with office space, employee support, business office support, custodial, human resources, payroll, office supplies, and other services at a cost of \$252,235 and \$223,930 for the years ended June 30, 2020 and 2019, respectively. The support received from Peninsula College has been recorded as in-kind revenue and expense in the statement of activities and changes in net assets and statement of functional expenses, respectively. The Foundation also receives donated goods and services used in college programs and for events.

I. CONCENTRATION OF CREDIT RISK

The Foundation maintains accounts with one stock brokerage firm and accounts with a commercial bank. The brokerage accounts contain cash and securities. Cash balances deposited at banks and amounts deposited at participating outside banks by the stock brokerage firm are insured up to \$250,000 per institution by the Federal Deposit Insurance Corporation. Security balances are insured up to \$500,000 (with limits of \$250,000 for cash) by the Securities Investor Protection Corporation (SIPC). The brokerage firm has purchased additional SIPC (Excess SIPC) protection from London insurers with an aggregate firm limit of \$150 million, including a maximum cash limit of \$900,000 per customer for cash above the basic SIPC Protection.

J. INVESTMENTS

Following are the aggregate carrying amounts and cost basis of investments as of June 30, 2020:

	Investments	Custodial Funds	Restricted for Endowment	Carrying Amount	Cost Basis
Brokerage Account	\$ 59,935 \$	474,896 \$	4,157,482 \$	4,692,313 \$	4,350,529
	\$\$	474,896 \$	4,157,482 \$	4,692,313 \$	4,350,529
Following are the agg	regate carrying am	ounts and cost basi		f June 30, 2019:	T

Assets

Investments

Notes to Financial Statements

June 30, 2020 and 2019

Investment income is composed of the following for the year ended June 30, 2020:

	Total
Dividends & Interest	\$ 198,279
Investment Fees	(20,102)
Investment Income	\$ 178,177

Investment income is composed of the following for the year ended June 30, 2019:

	Total
Dividends & Interest	\$ 190,183
Investment Fees	(20,779)
Investment Income	\$ 169,404

K. COMMITMENTS

Grants and bequests require the fulfillment of certain conditions as set forth in the grant award. Failure to fulfill the conditions could result in the return of the funds to grantors. Although that is a possibility, the management and the board of the Foundation considers the return of such funds remote, since by accepting the gifts and their terms, it has accepted the responsibility for and intends to fulfill its conditions.

L. SUBSEQUENT EVENTS

The Foundation has been impacted and challenged by the Covid-19 pandemic starting in March of 2020 and continuing through the present. Federal CARES Act funds were awarded to the College in spring quarter, providing significant aid for students experiencing pandemic-related emergencies. The Foundation established a COVID-19 Student Relief Fund, with raised funds to date used almost immediately, while continuing to serve students with non-pandemic need. In spring quarter of 2020 all college operations moved to a remote environment. The Foundation awarded a variety of aid to help students with this transition (primarily for internet access and online software). Still, a reduction in aid compared to previous quarters was noted, as some students took time off from their studies to deal with the unprecedented effects of the pandemic on their personal lives. The Foundation has remained nimble and responsive during this difficult time, with no interruption to service delivery for the programs and students relying on support.

No other events have occurred through September 24, 2020, which is the date the financial statements were available to be issued based on client facts and circumstances, for events requiring recording or disclosure in the financial statements for the year ended June 30, 2020.

Notes to Financial Statements

June 30, 2020 and 2019

M. LOANS AND MISCELLANEOUS RECEIVABLES

The Foundation carries receivables for short term loans to students at Peninsula College and for other miscellaneous purposes. Loans receivable to students and other miscellaneous receivables totaled \$874 and \$3,423 as of June 30, 2020 and 2019, respectively. No interest is charged on these receivables and no material amounts were past due (defined as outstanding greater than 90 days) as of June 30, 2019.

The Foundation, on July 31, 2017, entered into a loan arrangement with Collegiate Housing International Port Angeles, LLC (the LLC). The Foundation provided a \$100,000 loan to the LLC to assist in the construction of student centered housing in Port Angeles. The terms of the agreement require interest only payments at 5% per annum on a quarterly basis. The entire principal balance is due on July 31, 2022.

The loan balance, including accrued interest, was \$100,000 and \$100,000 at June 30, 2020 and 2019, respectively. The loan is secured by an interest in real property. The Foundation funded the loan using \$90,000 of restricted vocational program funds and \$10,000 of unrestricted funds.

N. CONTRIBUTIONS RECEIVABLE

The Foundation receives unconditional promises to give from numerous individuals. No allowance for uncollectible contributions has been provided as all contributions receivable are expected to be collected. As of June 30, 2020 and 2019, total contributions receivable was \$428,677 and \$469,968, respectively. The Foundation has provided a discount to present value of \$29,396 and \$52,334 at June 30, 2020 and 2019, respectively, for the portion of contributions to be collected in periods greater than one year from June 30, 2020 and 2019. A discount rate of 4% has been used.

Future maturities of pledge receivables are as follows as of June 30, 2020:

		2020
Year Ended June 30:		_
2021	\$	240,573
2022		112,500
2023		105,000
Discount	<u> </u>	(29,396)
	\$	428,677

O. UNCERTAIN TAX POSITIONS

The Foundation files income tax returns in the U.S. federal jurisdiction. The Foundation is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2016. Currently, there is no examination or pending examination with the Internal Revenue Service (IRS).

Notes to Financial Statements

June 30, 2020 and 2019

As of June 30, 2020, there are no tax positions for which the deductibility is certain but for which there is uncertainty regarding the timing of such deductibility.

P. FAIR VALUE MEASUREMENT

The Foundation has adopted Accounting Standards Codification 958. ASC 958, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under ASC 958 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Trust has the ability to access.

Level 2: Inputs to valuation methodology include: Quoted prices for similar assets or liabilities in active markets. Quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability. Inputs that are principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2020.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Foundation at year end.

Money Funds: The investments are reported at face value plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of June 30, 2020:

Notes to Financial Statements

June 30, 2020 and 2019

Assets at Fair Value as of June 30, 2020

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,602,299 \$	- \$	- \$	4,602,299
Money Market Funds		90,014		90,014
Total Assets at Fair Value:	\$ 4,602,299 \$	90,014 \$	- \$	4,692,313

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of June 30, 2019:

Assets at Fair Value as of June 30, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,518,585 \$	- \$	- \$	4,518,585
Money Market Funds		40,762		40,762
Total Assets at Fair Value:	\$ 4,518,585 \$	40,762 \$	- \$	4,559,347

Q. JOINT VENTURES

The Foundation entered into a tax credit agreement and subsequently created joint ventures to manage the activity. The Foundation is the general partner in one of the entities; however, the LLC agreement limits their ability to receive a benefit. The Foundation entered into the agreement for the purpose of generating funds to rehabilitate a historic building that Peninsula College uses as part of their campus. The building is owned by the Washington State Park Service and they will continue to keep the legal ownership while allowing Peninsula College to use the facility through a lease arrangement.

R. CUSTODIAL FUND

The Foundation received \$500,000 from the College in the year ended June 30, 2018, to invest and manage for the benefit of the College. The funds have been invested in combination with the Foundation's endowment funds. However, the agreement between the Foundation and College allows the College discretion in taking distribution of some or all of the funds without restriction. The Foundation has determined that the arrangement, unlike other endowed funds, is more properly classified as a custodial fund. A custodial fund asset and corresponding liability of \$474,896 has been presented in the financial statements which represents the original \$500,000 College investment, less distributions, plus earnings retained in the fund up to June 30, 2020. An additional \$21,212 in earnings on the fund has been recorded as a liability in accounts payable and will be paid to the College in the near term.
