A large number of scholarships are available for students in the healthcare field, as well as welding, cybersecurity and IT, multimedia communications, criminal justice, the sciences, education, language arts, journalism, music, business administration, and more. Several of the scholarships being offered are considered “full-ride”, at over \$6,000.00 each. Criteria for awards varies, supporting financial need, academic achievement, area and tribal students, first generation college students, and more. Application deadlines vary, with the majority due Sunday, April 17, 2022. Applicants are advised to check each scholarship’s deadline.

To apply for Peninsula College Foundation scholarships, follow these steps:
