PENINSULA COLLEGE | FALL 2018

6 Connecting the Classroom to the Workplace

10 Health Care Program Expands in Response to Critical Need for Medical Workers

12 Fall Quarter Classes

22 Community Education

A close-up photograph of a woman with long dark hair, smiling broadly while wearing a black graduation cap and gown. She is holding a black diploma folder with the Peninsula College logo, which includes the year 1961 and a stylized building. The background is dark and out of focus, showing other graduates.

GO local

With three locations on the Peninsula, you can take the classes you need right at home. Get your HS diploma, train for a new job, or start here and transfer to a university. At Peninsula College we can help you go further, faster.

Fall classes start Sept 24th.

Advising for Winter quarter	Nov 13-16 & 19
Work day (no class)	Nov 21
Thanksgiving Day Holiday	Nov 22-23
Last day of Fall quarter	Dec 12
Fall grades available	Dec 18
Winter break	Dec 13 - Jan 1

PREPARE TO TRANSFER TO A UNIVERSITY

In the 2016-2017 academic year, our students transferred to 70 different colleges. The University of Washington, Washington State University, Western Washington University, Western Governors University and Central Washington University were the top five schools for PC student transfers.

“The leadership skills and confidence I gained at PC helped me define my academic plan at USC and future career plans in the entertainment industry. At USC I became more interested in working on the business side of film and applied to the USC Marshall School of Business.”

- Kevin Febryan

Transferred to University of Southern California
Major: Business Administration

Connecting the classroom to the workplace

WORKER RETRAINING

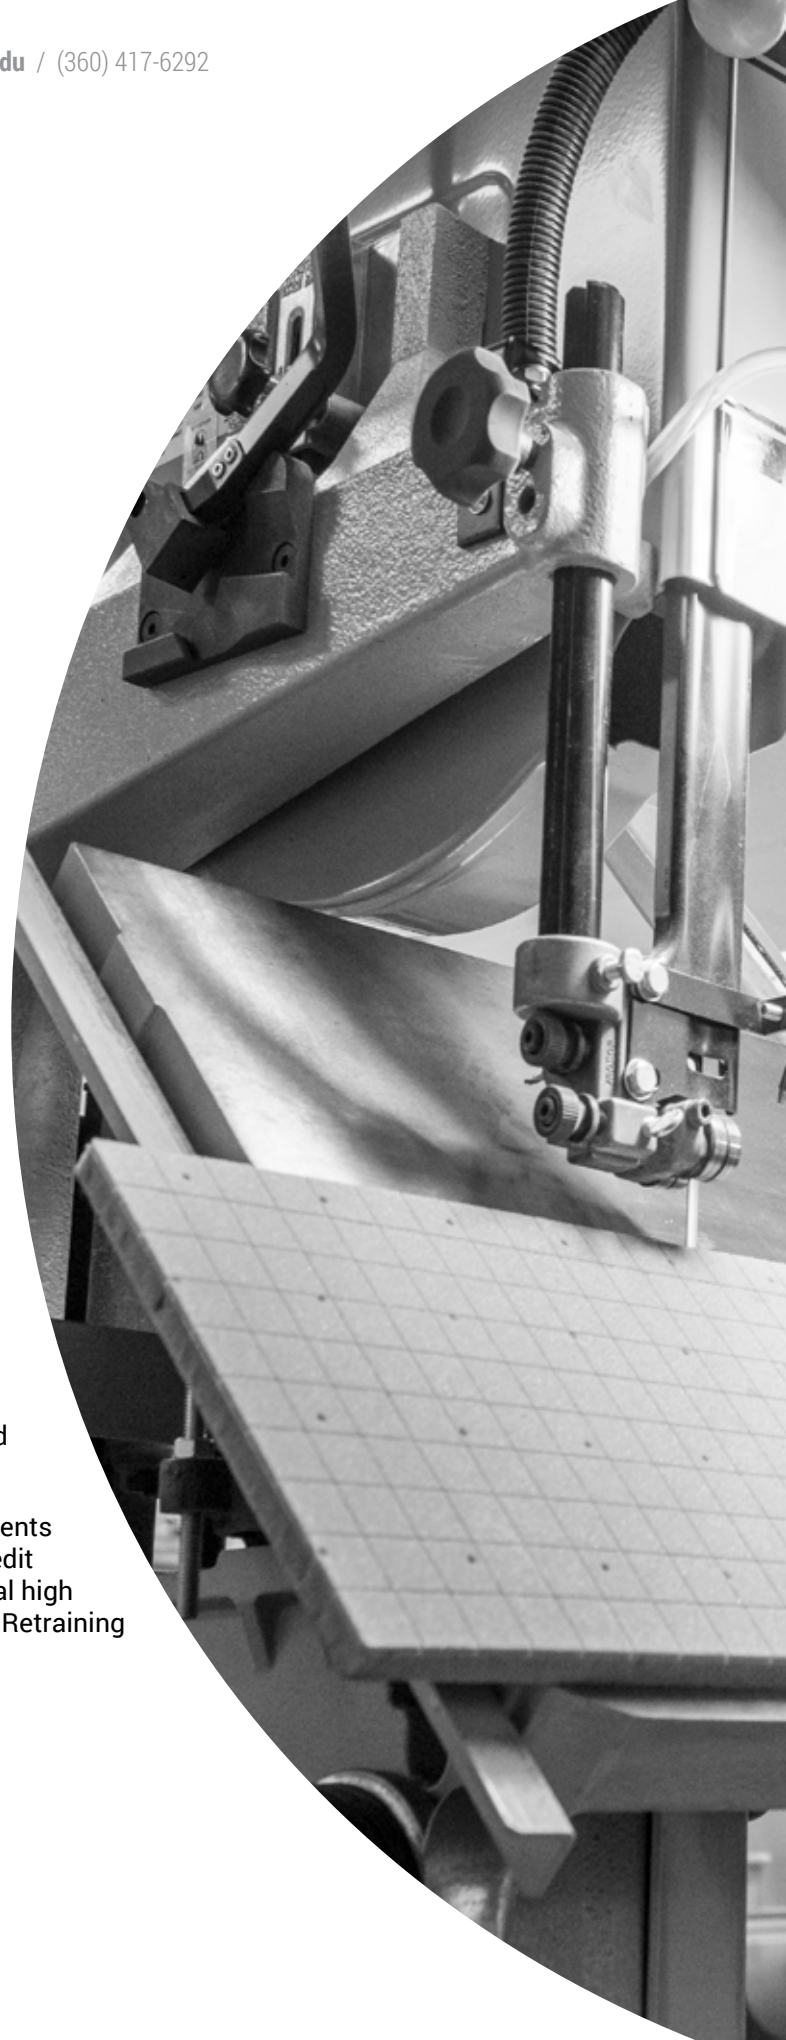

“Seeing a student get an education and move on to meaningful employment is one of the greatest perks of the job.”

Anyone who's been through our Worker Retraining Program is familiar with Director Brian Kneidl. Now, thanks to a newly expanded title, he will be spending even more time in the community meeting employers and making sure college programs are matching up with local business needs.

As the Director of Workforce Services and Partnerships, Kneidl is increasing the amount of outreach he does with area employers, making sure PC's graduates are equipped with the skills employers need in their businesses today. Two of the

areas he is working more closely with are the college's Construction Technology (formerly Green Building) and Advanced Manufacturing programs.

He is always on the lookout for new places where students can train or become employed and works with dual credit students, working on articulation agreements with local high schools. In addition, he maintains his role with Worker Retraining taking students from unemployment to employment.

I took advantage of PC's Worker Retraining Program (WRT) after the company I worked for went bankrupt and the store I worked in got shut down. I had worked at Albertson's for 20 years and at Haggen Food and Pharmacy for one year.

Peninsula College was my first college experience. My perception of how college was going to be matched up to the reality in good ways and not so good ways. On the positive side, I had more free time than I thought I would. On the negative side, I had more free time than I thought I would. *smile* I prefer to have hands-on training where someone can answer my questions in person. For that reason, online classes were more challenging for me.

In June 2018 I received an AAS degree in administrative office systems with a medical specialization. Marie Flanagan was my medical billing and coding instructor. I really liked how easy she was to talk to and she really took time to explain things in a way that made sense. She shared her first-hand experience, along with textbook teaching.

Before I graduated, I was hired by North Olympic Healthcare Network. I am looking forward to meeting new people and being a part of a community of healthcare workers who truly care about the wellbeing of their patients and that Brian Kneidl is a great support system!

- **Sabrina Mudd**, PC Alum
North Olympic Healthcare
Network in Port Angeles

LOOKING FOR A WAY TO PAY FOR COLLEGE?

Clallam Promise Scholarships can help!

Clallam Promise Scholarships are available for qualified students attending Peninsula College in 2018-19. These need-based scholarships are available to full-time students who have graduated from a Clallam County high school within the past year. Up to \$1,000 per quarter for tuition and fees, and up to \$300 for textbooks is available. Up to \$500 is available for tools and supplies. Funds are provided on a first-come, first-served basis to students with identified unmet need.

Students must complete the FAFSA and financial aid file with Peninsula College to get started.

The Clallam Promise Scholarship at Peninsula College is funded primarily by the Albert Haller Foundation, with support from the Joyce Community Scholarship and Education Foundation and the Ben & Myrtle Walking Memorial Trust.

HIGH SCHOOL PROGRAMS

Earn your High School Diploma and an Associates Degree at the same time

Looking to fast track your education while saving time and money? Bonnie received her associate's degree at PC at the same time she earned her high school diploma through the Running Start Program. This fall she will transfer to the University of Washington as a junior, majoring in engineering.

Is Running Start in your future?

FUNDING YOUR EDUCATION

To assist you in paying for your education, Peninsula College offers several options for students who qualify. Due to deadlines and limited funds, students are encouraged to apply early. Some programs are designed to support students in specific situations. Eligibility for these programs are usually determined on a funds-available basis and require a separate application to access funds.

FINANCIAL AID | (360) 417-6390

Applying for financial aid is a process that should be started as soon as possible. Work on your Financial Aid file at the same time you are completing other college application requirements.

OPPORTUNITY GRANT | (360) 417-5694

Assists low-income Washington state residents who have not yet earned a degree (Associate or higher). The grant can provide funding for tuition/fees and books/supplies for eligible adults for up to 45 credits in specific programs.

SCHOLARSHIPS | (360) 417-6390

Students who are attending or will be attending Peninsula College can apply now for any number of scholarships.

TUITION PAYMENT PLAN | (360) 417-6232

You can apply to have your tuition and fees divided into three payments.

VETERANS SERVICES | (360) 417-6224

Peninsula College recognizes and appreciates all who have served in the United States. If you are a veteran, or a survivor, or a dependent of a veteran working toward a degree or certificate, you may be eligible for veterans educational benefits.

WORK-STUDY | (360) 417-6359

Offers students the opportunity to gain valuable work experience while earning money for college. Both on-campus and off-campus positions are usually available.

BFET | (360) 417-6296

The Washington state Basic Food Employment and Training (BFET) program provides job search, job search training, educational services, skills training, and other employment opportunities to Basic Food (SNAP) recipients who are not participating in the Temporary Assistance for Needy Families (TANF) WorkFirst work program.

WORKFIRST PROGRAM | (360) 417-6296

A referral-based program to assist parents receiving Temporary Assistance for Needy Families (TANF) that want to further their education. Parents participate in Basic Education for Adults, High School Completion, and Professional-Technical degrees at Peninsula College.

WORKER RETRAINING | (360) 417-6263

This free tuition program provides retraining opportunities for laid off, unemployed, and dislocated workers in the state of Washington. The financial support provided to eligible students does NOT have to be repaid.

COMMUNITY RESOURCES | (360) 417-6340

Peninsula College is in partnership with many organizations which provide resources, both career-oriented and financial, for students and the community.

STUDENT LOANS | (360) 417-6390

Loans are funded through the federal government and are accessible to students who have filed the FAFSA.

15	\$1,508.20	\$1,653.30	\$2,318.25	\$2,463.35

* Tuition rates are subject to change by the Washington State Legislature and/or the Peninsula College Board of Trustees. In addition, all students pay a Student Technology Fee of \$8.00 per credit, and Student Self-Assessed Fees for Wellness (fitness) Center Fee of \$2.00 per credit and a Transportation Fee of \$16.00 a quarter.

NONDISCRIMINATION STATEMENT: Peninsula College does not discriminate on the basis of race, color, religion, national origin, sex, disability or age in its programs and activities. Coordination of compliance is the responsibility of the Human Resources Officer, PC HR Office, (360) 452-9277.

CONFIDENTIALITY OF STUDENT RECORDS: Peninsula College follows the Family Educational Rights and Privacy Act (FERPA). For more information, visit www.pencol.edu/407-confidentiality-student-records-ferpa

Health Care Program Expands in Response to Critical Need for Medical Workers

There is a critical community need for registered nurses, medical assistants and certified nursing assistants on the North Olympic Peninsula. We're joining forces with healthcare providers in Clallam and Jefferson counties to grow our healthcare programs to address those needs.

Funding from a proviso in the state budget will increase capacity of current college programs as follows:

**Increase medical
assisting cohort from**

20-40

**Increase nursing
assistant cohort from**

40-60

**Increase registered
nursing cohort from**

24-32

The effort will also allow more support for program enrollment, help students offset the cost of tuition and fees, increase clinical opportunities for learners, and offer enhanced career advising and job placement services for students. It will also allow local medical assisting and nursing students to be able to train and work in their communities.

Students' on-the-job training will be provided locally by Olympic Medical Center, Jefferson Healthcare, The Jamestown S'Klallam Tribe, and Forks Community Hospital, along with area convalescent, assisted living, and mental health providers.

Train for an in-demand career

EARN YOUR NURSING ASSISTANT CERTIFICATE

Nursing assistants (NAC) are in high demand on the Olympic Peninsula. Because they spend more time at the bedside than other health professionals, NACs are the “eyes and ears” of a healthcare team. Learn to help vulnerable patients with activities of daily living, work with patients to prevent complications of immobility, and communicate with multiple entities to promote quality patient care.

NACs are employed in many settings including skilled nursing homes, assisted living centers, home health and hospice, and hospitals. Our program utilizes our state-of-the-art nursing lab that is equipped with modern hospital beds, simulation manikins, and spacious rooms to practice your skills with the supervision of your instructor.

GO forward

GET THE CERTIFICATION AND HANDS ON TRAINING YOU NEED TO GO RIGHT TO WORK IN THE SKILLED TRADES.

Our Automotive Technology Program received a Subaru Forrester and a Crosstrek, through a partnership with Subaru of America, this summer. The vehicle donations, along with Subaru University's web-based training, will give students the entry-level education that is required of all Subaru technicians. Students at participating Subaru-U partner schools can gain valuable knowledge of the vehicles' systems that will better prepare them for employment.

"I am excited to be able to work with Subaru and their dealership network like Koenig Subaru," said PC Auto Tech Program Coordinator and Instructor Mike Hansen. "Having a manufacturer that is part of our program that provides us with newer vehicles to work on as well as support materials such as engines, scan

tools, their factory electronic information, and their technician computer based training is extremely valuable. This will give our students the ability to walk right in to a Subaru dealership with the knowledge needed to start their march toward becoming master Subaru technicians."

Enroll in a skilled trades program now to get the training you need for the job you want.

SHARE

Annually we bring back Alumni from various disciplines to share their experience at PC and how it helped to shape who they are and what they are doing now.

2018 Studium Generale alumni speakers

GET INVOLVED IN YOUR PC ALUMNI ASSOCIATION

NETWORK

Join our Alumni Association and become automatically connected via our FB page and Linked In to thousands of PC Alums. You will also be notified of our various events and Alumni activities.

2018 Alumni Picnic

RECONNECT

Let's reconnect and remember those special people and moments that made your PC experience so special.

2018 Athletic Hall of Fame inductees

CELEBRATE

PC started in 1961 and has grown to serve over 5,000 students annually. We have a big family of PC Alumni and Friends that we love to celebrate by sharing their successes. We do this through our Alumni and Friends Podcasts, Alumni Stories and our Distinguished Alumni Recognition program.

*2013 Women's Soccer Team
Division Champions*

PARTICIPATE

There are many ways to participate as an alum. You can volunteer as a school ambassador, a tutor, serve as an advisory board member or join us at one of our many events such as our Alumni Pirates Take Over the Park, 4th of July event or Alumni Night at a PC basketball game.

*2018 Alumni 4th of July
Cornhole Tournament*

GIVE BACK

The PC Foundation gave almost \$1million dollars in aid and support to students this year. Give back by supporting our Alumni Scholarship and Program Support Endowment or Athletic Program and Scholarship Support Endowment.

*Class of '63 grads Ed Thompson and Jeannie Hedberg and original PC
Foundation board member Brooke Taylor*

Discover the flexibility and convenience of an Online AA degree

"Peninsula College's online program works for me because it is incredibly convenient for my lifestyle. It is great that I can earn college credits at my own location, and not have to travel to campus. Also, with being in Running Start, it allows me to still be involved at my high school without having to worry about making it to class on time."

– **Marley Music**
Port Townsend

You're Busy. We Get It.

BASIC EDUCATION FOR ADULTS

College and a meaningful career can become a reality for you. We offer morning and evening classes for our High School Diploma and GED prep courses and cost \$25 per quarter.

HAVE A POSITIVE IMPACT IN YOUR COMMUNITY

Build Family and Community Relationships and Promote Learning

When you enroll in our Early Childhood Education (ECE) Program you'll discover coursework that combines theory and practical experience for working with young children and their families. Our ECE courses are based on Washington State Skill Standards for the Early Childhood and School-Age Care Professions.

Enroll in the program any quarter on a full time or part time basis. Courses are offered on the Port Angeles campus during late afternoons and evenings

to accommodate working families. Classes are also offered in Port Townsend, Forks, and Neah Bay through Interactive Television (ITV). Most courses have an online component and several are offered entirely online. All Early Childhood Education courses and selected EDUC courses are STARS approved for continuing education.

Start making a difference in your community today.

CAMPUS COMMUNITY

No matter what your interests—art, culture, sports and more—there is a place and a community for you at PC.
