Jennifer Santry (360) 452-9277
Office: D117 jsantry@pencol.edu

Student's Name:	Student ID Number:
Advisor:	Advisor's Signature:

Learning Outcomes

1. Describe the ecological, economical, and social implications of agricultural practices.
2. Utilize a systems approach to analyze agriculture in your own backyard and/or community and learn to apply best practices for basic soil, crop, watershed, & livestock management.
3. Examine one's own food attitudes and choices, and articulate a value-based personal vision for food consumption and/or production.
